A University Grows.....

The biggest problem a university has today is in trying to grow as rapidly as enrollment increases. Educational facilities and equipment are becoming more elaborate and expensive. We have a fine new library and a research center, but we still need a field house and several classroom buildings. Money is tight all over, but the university has to have it and most of it has to come from the State and from industry. People must realize that an investment in education is an investment in a stronger and better future.

The proposed addition to the Student Union.

The proposed classroom and laboratory section to be added to the Mechanical Engineering building.

A peek at the future
in store for UMR

The proposed multipurpose field house, gymnasium, and swimming pool.

The University

The buildings are the first part of the university that a student encounters. Some are new, built of steel and glass, cold, yet exciting. Others are old, ivy covered, and warm. From the buildings the student will extrapolate an idea of what his experience at the university will be, but he will be wrong

. . . because the real university is the people. The formulas, names, dates, even the buildings will be forgotten, but the people will be remembered. They will shape his thinking and change his ideas. The people are the university and the university is an experience; and experiences are the building blocks of a lifetime.

Fall is red and orange on the hills around town. It's nippy mornings on the way to class and sunset just about dinner time. It's football season, intramural football on weeknights and varsity football on Saturday afternoons. Sometimes, like Homecoming, it's even football and girls.

Winter comes to Rolla on the wind. From October to April the wind seems to blow constantly. When the temperature falls toward zero the wind tries to blow your ears and nose off. The toughest part of each day is covering the thirty feet from your bed on the open air sleeping porch to the warm hallway. When snow comes it covers all the bare spots and paths across the grass until it melts and turns them to mud. It's a little easier to study in the evenings during the winter because it's dark by six-thirty and too cold to be outside.

Spring comes and brings the rains with it, but in between showers the Miners head for the athletic fields and tennis courts. It's time to unlimber the pitching arm, stretch out the leg muscles for the high jump, and try to take the slice out of your three wood. You see some new action, like rugby and soccer, and maybe catch a frisbee tournament.

The quiet personal moments.....

....at the university

Administration

The Chancellor, accompanied by Col. Gundling and President Weaver, reviews the ROTC brigade at spring awards ceremonies.

Dr. and Mrs. Baker pose with their children, Ruth and Merl.

Dr. Baker has served as Chancellor for two years during which time he has vigorously pursued a program of campus expansion and beautification. Dr. Baker is concerned about student-administration relations and has initiated the afternoon coffee chats where opinions and problems are freely discussed. As Chancellor he is constantly endeavoring to build and expand the reputation of the Rolla campus.

Old Man Winter has laid a blanket of snow on the chancellery.

In Memoriam

Ernest W. Carlton served the university faithfully and steadfastly for 42 years. He was chairman of the civil engineering department for ten years during which time it grew to be one of the largest and best known in the country. Skipper Carlton was nationally known for his tireless efforts in furtherance of the engineering profession. He founded and served as president of the Missouri Society of Professional Engineers and served as a national officer or director of numerous other national organizations. He will be remembered here for the unlimited energy he gave in service to the community. The ideals and goals of "The Skipper" will always be inspiration for engineers.

Dr. James G. Harris had been chairman of the Social Studies department since 1964. He worked vigorously to expand and improve the Social Studies curriculum and was instrumental in organizing the Engineering Management program. Prior to his appointment here Dr. Harris had served as chairman of the History department at St. Cloud State College and as a professor of history at Cape Girardeau and Columbia. Dr. Harris enlisted in the Army during World War II and in four years attained the rank of Captain. Following the war he received his M.S. and Ph.D. at Columbia. In 1959 he was recognized for his work in legal history by being awarded a Hill Foundation Grant to do research work at Harvard University.

Departments

For the purpose of educating men who will be professional engineers the University of Missouri at Rolla is divided into seventeen departments. Fifteen of these departments are engineering oriented and two are charged with exposing engineers to the humanities and social sciences. While a student's course of studies emphasizes his major, he will take a number of courses in several other departments to round out his background. There are several scholarships offered by each department on the basis of need and scholastic achievement. There are also many sources of low-interest loans that do not require repayment until after graduation. An increasing number of students are enrolled in co-op programs in which the student works a semester and attends school during alternate semesters. In addition to receiving valuable first hand experience in industry the student is able to finance his education. Each of the departments offers a program leading to a Masters or Doctorate degree. The four and a half or five years spent at Rolla will prepare a person for a well rewarding career.

Joe Starling finds that a few minutes with Professor Kreidl can clear up the toughest problems.

In the laboratories students can produce and test a large number of ceramic materials.

Better materials through ceramics

Ceramic engineering is concerned with the science and technology relating to the physical-chemical properties of non-metallic, inorganic materials and the application of these properties to the processing, production, testing, and use of these materials in engineering. Since the ceramic industry is broken up into several branches, the courses at UMR are designed to provide the student with a broad background so that he may be able to work in the field of his particular interest. Facilities of the department include equipment of a semi-commercial scale for processing raw materials: crushers and grinders, and well equipped laboratories in which crystalline, glass, and crystalline-glass ceramic materials may be produced.

Dr. Robert E. Moore
Department Chairman

Not restricted to space travel fields, ceramics has some very down to earth applications.

Chemistry is a science concerned with the composition, properties, and changes of matter. At the University of Missouri at Rolla, general chemistry is required of all freshmen, regardless of curriculum, and chemistry majors are required to take not less than 36 hours of chemistry in addition. Since the chemical industry is one of the most rapidly growing parts of the world's industrial economy, the Department of Chemistry offers study in such fields as nuclear chemistry, radio chemistry, analytical chemistry, inorganic and organic physical chemistry, and biochemistry.

Dr. William H. Webb
Department Chairman

Chemistry continually makes our lives easier

This student is titrating a solution to determine the percentages of its constituents.

Students may check out any equipment needed in their studies.

The chemistry labs are modern and contain the latest equipment available.

The acidity of a solution is being measured with an electronic ph metering device.

There is a tremendous research demand for chemical engineers

Chemical engineering is based on physics, chemistry, and mathematics, and uses economics as its guideline in practice. The Chemical Engineering curriculum at UMR is designed to prepare the graduate for the technical, administrative, and marketing work required by industries using the principles of chemical engineering in their manufacturing processes. It includes instruction in chemistry, physics, mathematics, economics, and humanities for its undergraduate students, and design, development, and supervision of plants for graduate students. The department also offers an option in petroleum engineering which may be taken in the chemical engineering student's senior year.

Dr. W. T. Strunk
Department Chairman

At right is the four story unit operations lab.

Electronic graphing devices aid in analyzing experimental data.

Colonel Glenn Taylor prepares tomorrow's class plans.

Students in the fluid mechanics laboratory test flow characteristics of a venturi.

Frank Grabski and Larry Winchester are measuring the percentage of water in various soils in the soil mechanics laboratory.

Civil Engineering, with an enrollment of over 800 students, is one of the largest departments at the University of Missouri at Rolla. The department, constantly expanding, now has the largest undergraduate enrollment in the country. Five preference programs are offered to the civil engineering student to aid him in selecting a particular field of interest. These include fluid mechanics, construction, environmental and sanitary engineering, soil mechanics and foundations, and structural analysis. The department's aim is to prepare its students for administrative and technical positions in the promotion, design, construction, management, and operation of engineering projects.

Dr. J. H. Senne
Department Chairman

Civils are world's oldest engineers

Screening aggregate to separate the various sizes.

Dr. Roger E. Nolte
Department Chairman

Students can get individual personal help from their instructors when they get stuck on a problem.

Increasing demand for electrical

Characteristics of control systems are studied in the servo-mechanisms laboratory.

The Department of Electrical Engineering at the University of Missouri at Rolla has grown tremendously in various research programs at both the graduate and undergraduate level. Specialization is offered in power transmission circuits, electrical power systems, computer and control systems, communication systems, electromagnetics, and antennas, energy conversion, and electronic devices and circuits. Although fundamental principles are the same in all the fields of electrical engineering, the application of these principles differ in the various divisions. UMR offers an excellent graduate program in electrical engineering, permitting the engineer to greatly increase his potential and opportunities.

The analog computer will solve complex differential equations and display the results on an oscilloscope or plot them on a graph.

engineers

These students are using an oscilloscope to help analyze an electric motor circuit.

A last minute check is made on a circuit in the machinery lab before current is run through it. Such checks are a must in almost any lab experiment.

To be a success in graphics you have to be able to project your vision around corners.

This large copying machine produces full size blueprints in a matter of seconds.

Graphics is the engineer's picture language

Engineering Graphics acts as a means of effective communication among all engineers. The Engineering Graphics Department at the University of Missouri at Rolla introduces the engineering student to the fundamental principles of mechanical drawing and drafting techniques. The department has nine laboratory rooms, a projection room, and a blueprint room. In the laboratories, each locker desk is equipped with a drafting machine. In the blueprint room, modern equipment is available for the production of blueprints and Ozalid prints. The use of models, visual aids, and actual machine parts helps the student in his understanding of the many different concepts presented.

Professor Lloyd C. Christianson
Department Chairman

Before anything can be mass produced there must be at least one clear concise drawing showing all of its dimensions and tolerances.

You don't realize how many different types of rocks there are until you have to identify them.

Students determine different types of rocks by their reaction to chemical tests.

These students are using "point counters" to determine the mineral content of thin slices of rocks.

Geology delves into inner space

Dr. Thomas R. Beveridge
Department Chairman

Geology is the study of the Earth through the application of science and the scientific method. The Department of Geological Engineering and Geology at the University of Missouri at Rolla, which also offers a degree in geophysics, provides the facilities and equipment needed for field studies most types of laboratory work, and various research projects. The department also maintains a museum in which many rock and mineral specimens are always on display. Included in the laboratories are microscopes, equipment for chemical analysis, x-ray equipment, and equipment for making geological maps from photographs.

Dr. Law describes the organization of Russian industry to his Russian Civilization class.

Professor Jack Bobbit shows some of his recently published poems to Ken Ragsdell.

Interest in Humanities grows

The courses offered in the Department of Humanities at the University of Missouri at Rolla are designed to give the engineering student the liberal background needed in both his professional and personal life. A wide selection of courses are offered in English, modern foreign languages, philosophy, music, and religion. All of these courses are of social and cultural importance to modern engineering businessmen, and all other departments require a minimum number of hours to be taken in the Humanities Department. This department is constantly expanding, and now for the first time in the history of the school, a program is offered leading to a Bachelor of Arts degree in Humanities.

Dr. J. C. Pogue
Department Chairman

Mrs. Jean Walker instructs a class in Contemporary Folklore and Folk Images.

On a sunny spring afternoon it is tough to keep one's mind on the lesson.

The social sciences are an important part of the education of scientists and engineers. To the scientific knowledge of the technical student, the social sciences add understanding of social processes and give the engineering or science student an opportunity to be a well-informed and responsible citizen in our society. Courses in the department at UMR include such subjects as economics, history, political science, psychology, and sociology. Many of these courses deal with problems of effective administration in business and industry and give the student a valuable insight into human relations and management.

Dr. James G. Harris
Department Chairman

Social Science expands curriculum

*Engineering Economics courses
require a thorough understanding
of expense allocations and appraisals.*

Dr. L.W. Martin explains the reasons for motivation, emotion, and individual personality in his general psychology class.

Students learn about the economic history of the United States from Professor Sam Lloyd.

Bill Oesterling and Earl Wasson, two economics instructors, compare class plans.

Professor Rozell instructs a class in surfaces of revolution.

Dr. Charles Hatfield sheds some light on the solving of differential equations.

Engineers are required to know and use mathematical principles and ideas in order to solve their everyday problems. In addition, mathematics has recently become increasingly important because of its very significant applications to our modern atomic age. All students at the University of Missouri at Rolla are required to take a minimum of three semesters of calculus, and students majoring in mathematics are required to take a minimum of 45 semester hours of courses in the department. The Mathematics Department offers a great variety of courses designed to prepare students in the fields of both applied and pure mathematics.

Dr. Charles E. Antle
Department Chairman

Math is the engineer's prime tool

Calculus problems have a habit of becoming rather involved.

With the rapid growth of the use of computers in the solving of complex technical problems, the engineer, scientist, and mathematician have acquired an opportunity to achieve much more in considerably less time. The Computer Center at the University of Missouri at Rolla was designed to answer the tremendous demand for people with an understanding of the capabilities of computers and the knowledge required to successfully apply this understanding to practical situations. The Computer Center is comprised of a large computer room, a data processing room, offices, and a coding and programming room for computer science students.

Dr. Ralph E. Lee
Department Chairman

Computer is key to the future

Key-punch operators type student programs on IBM cards.

The IBM System 360 Central Processing Unit with the card reader at right.

Students have access to key-punch machines to make program corrections.

Dr. Atchley demonstrates the various stresses that are applied to materials.

Engineering Mechanics studies forces on materials

Engineering mechanics, basically the science of the effects of forces on bodies, is extremely important to the engineer who continually faces problems involving the control and utilization of forces. Physics and mathematics precede the study of mechanics, which is followed by technical courses such as machine design and masonry. Both undergraduate and graduate courses are taught in support of other departments, and the necessary research and course work are offered leading to the M.S. degree in Engineering Mechanics. The Mechanics Department has three laboratories for materials testing, stress analysis, and concrete.

Professor Robert F. Davidson
Department Chairman

Powerful testing machines stretch, compress, and twist specimens to determine their physical limits.

A special micrometer measures the elongation of a steel bar as it is subjected to a tensile stress.

M.E. second largest department

Dr. Thomas Faucett
Department Chairman

Mechanical Engineering is concerned with the design, development, and production of many of the articles in everyday use from household appliances to complex tools of industry and defense. In addition to designing products and developing methods of production, the mechanical engineer serves in management positions, tests machines and processes, and pursues research. The student's studies include thermodynamics, heat transfer, stress analysis, electricity and electronics, energy conversion, and fluidmechanics. The Department of Mechanical Engineering at UMR offers Preference Programs in aerospace, energy conversion, mechanical design, manufacturing, and nuclear studies.

Students in the machine shop become acquainted with production machinery.

A group of students study the operating characteristics of a centrifugal pump.

Jim West and Dr. Faucett look over a new shock tube recently acquired by the ME Department.

The reactor pool shields the surrounding area from radiation and cools the reactor core.

This is the control room for the nuclear reactor.

Metallurgy offers nuclear option

Dr. Harry W. Weart
Department Chairman

There are more books than a person could ever read, so he must select the ones he thinks will benefit him the most.

Most of the principal developments made by mankind have in some way involved metallurgy. Modern industry has a great demand for engineers who have specialized in metal technology. The Metallurgical Engineering Department at the University of Missouri at Rolla is one of the largest fully accredited departments in the United States. The metallurgical engineer may concentrate in either extractive metallurgy, which involves the recovery of minerals from their ores, of physical metallurgy which is concerned with the treating and proper addition of alloying elements to the metals. A nuclear option is also offered by the department to give instruction in the varied problems involved in the successful development of nuclear energy.

Mining and Petroleum seek new resources

The economy of our nation is greatly dependent upon the raw materials supplied by the mining industry. This industry uses mathematics and economics to furnish mineral raw materials at the lowest economically feasible prices. The continually growing use of the raw materials produced by the mining industry creates a great need for a growing number of mining engineers. The curriculum is designed to train the student in several personal preference course options, including metal mining, geophysics, mining geology, coal mining and management. This department also administers the petroleum engineering curriculum, which has been growing rapidly the past few years as a result of the increasing needs of the petroleum industry.

Dr. Ernest M. Spokes
Department Chairman

Professor Jack Govier of the Petroleum Department instructs a class in reservoirs.

Norm Nuss measures air flow through an oil well core to determine rock permeability.

Dave Owens and Bill McCaw adjust an oil well cement retainer used in oil well cementing.

Physics probes the realm of the atom

Dr. H. Q. Fuller
Department Chairman

Physics is a fundamental science whose laws are important for the understanding of the basic ideas of most areas of science and engineering. All engineering students at the University of Missouri at Rolla are required to take a minimum of ten hours of physics in which emphasis is placed on the application of fundamental principles and thorough laboratory training in the new, well-equipped laboratories of the department. To provide courses in both practical and theoretical aspects, the Department of Physics offers programs in both the conventional physics curriculum and a Preference Program in Applied Physics.

A better grasp of fundamentals is achieved through the basic lab exercises.

Professor Jensen instructs a class in electronic circuits.

Students are encouraged to do individual research work.

Barbara Thompson, Joyce Linda Day, and Judy Davidson are three of the attractive coeds who served as brigade sponsors.

Advanced students practice at the firing line at Fort Leonard Wood.

The Army ROTC at the University of Missouri at Rolla has the largest engineering brigade in the United States. The instruction is divided into Basic and Advanced Courses, each lasting two years. Courses are designed to supplement the academic curriculum and to inform the student about the military and its role in world affairs. Instruction is designed to develop leadership, self-reliance, discipline, and physical fitness. Throughout the year, maneuvers are held at Fort Leonard Wood. Upon graduation, a student who satisfactorily completes the advanced course, which includes six weeks of summer camp, is offered a commission as a second lieutenant in the U.S. Army Reserve by the President of the United States.

Colonel David L. Gundling
Department Chairman

ROTC program leads to commission

The cadet brigade and spectators stand at attention for the national anthem at the spring awards review.

Chronology

By the time a student finishes registration he has seen most of the campus.

Registration is a new nightmare for the freshmen

Forms, forms, and more forms.

The registrar's office has to keep track of over 1000 new students each year.

There are more coeds enrolling each year.

"Sure will be nice to get through with this stuff and start studying."

General Lectures bring well renowned talent to UMR Campus

The General Lecture Series sponsored by the Student Union Board and financed through student fees, and the Extension Concert Series sponsored by the University of Missouri provide a rather wide cultural menu of well known lecturers, vocalists, instrumentalists, and other entertainers. This year's repertoire included such groups as the Serendipity Singers, The Pozo Seco Singers, The Kingsmen, the Dukes of Dixieland, and the St. Louis Symphony Orchestra. Some of the outstanding soloists presented were John Swanay, Merrily Culwell, Ray Reussner, Harry Morrison, and Roger Price. The Miners are becoming more interested in cultural activities and the program of guest entertainers will be expanded in the future.

The Dukes of Dixieland were warmly received at their performances.

Richard Morris relaxes with members of the faculty before his piano recital.

Roger Price delights the Miner audience as he expounds on his philosophy of "a grump a day keeps the boöbs away."

The nationally famous Serendipity Singers performed to capacity crowds on their visit to the campus.

Mrs. Merrily Culwell, lovely and talented soprano, is a member of the faculty at the University of Missouri at Columbia.

Rain fails to dampen spirit

The quickest way to get a date was to show up with an umbrella.

This man is heading out of sight.

No shortage of young ladies here.

of All School Mixer

Several hundred young ladies traveled over a hundred miles to attend the annual UMR All School Mixer. They came from colleges located all over Missouri and were warmly welcomed by a crowd of miners eager to swing out with a rousing party. The All School Mixer is an opportunity for the Miners to become acquainted with college women from all parts of the country and has brought about many long lasting friendships. During the course of the year the girls' schools sponsor many social activities to which UMR students are cordially invited.

A young couple takes a breather during the dance.

All too soon the dance is over and the girls must run to catch their buses.

Homecoming officially inaugurates

The Miners fall back to receive the opening kickoff.

Ron Lewis finds a heavy rush on as he hustles to get a pass away.

new stadium

This year's Homecoming gave returning alumni their first chance to see the new football stadium. A capacity crowd watched the Miner football club battle the Warrensburg Mules all the way to the final gun, losing by a close margin 28-26. Miss Tonia Shipley of Southwest Missouri State College was crowned Homecoming Queen. The competition for the Homecoming Decorations Award were keen with Teke, Kappa Sigma, and Kappa Alpha taking first, second, and third. There was a parade Friday night followed by a pep rally, and the annual Pledge Pajama Race before the football game Saturday.

Greek Week Carnival a huge success

Greek Week got off to a great start with the Carnival at Lyons Park on Friday night. A drizzling rain failed to dampen the spirits of the Miners and their dates and over 1500 dollars was raised for Boys Town of Missouri. Lambda Chi Alpha won first honors by collecting \$249 and Kappa Sigma won the trophy for the best looking booth. Saturday morning the scene shifted to the Grotto near Newburg where, by command of the Greek Gods the annual games are held. Teke had the best looking chariot, but the fastest turned out to be Lambda Chi Alpha's. The games rolled all afternoon and after the final tally Teke was declared the overall winner.

Some of the brothers of Triangle and their dates relax at a game of Indian.

14	Bradley University 26

Head Football Coach, Dewey Allgood, expresses concern during one of the Miner games.

Spirit and good sportsmanship were characteristic of the Miner team in victory or defeat, as exemplified by this post game scene.

Junior Quarterback Ronnie Lewis gives instructions in third season as pilot of the UMR squad.

Missouri Valley trounced

Miner runner looks for an opening in the second period of play. Ground plays were dominated by UMR.

Excellent blocking and tremendous second efforts insured the biggest Miner victory of the season.

29-7 by UMR

Missouri Valley, outclassed in every respect, could not contain the Miner attack.

Sophomore halfback, Rich Erxleben, one of the Miners leading ground gainers, tries to turn the corner as a CMS player approaches.

CMS edges Homecoming

Leading 20-14 at the half, the Miners take the field.

The Mules' ground attack was kept to a minimum by the stubborn Miner defense.

Miners in game 28-26

Led by heavy blocking, record holder Ron Lewis shows his ability to run as well as pass.

Lewis fades back to pass as fullback Nicodemus blocks. The pass was completed to Ron Boyer to set up the Miners first touchdown.

The Bulldogs were halted four times on the Miner one yard line.

UMR blanks

Miners find the going tough near goal line late in the fourth period.

Kirksville 16-0

A Kirksville player is upended after a short gain.

FRONT ROW, LEFT TO RIGHT: Stewart, Windish, Vessell, Andrew, Shanks, Hurt, Piepho. SECOND ROW: Head coach Key, Asst. coach Christopher, Borgmeyer, Randolph, Lewis, Brown, Boyd, Head, Hegepeth, McCrady.

Cagers finish

Coach Billy Key's Missouri Miners closed the 1966-67, 22 game season with an 11-11 record. The season marked the third year under the fine direction of Coach Key and the subsidized program for UMR athletes. During this three year period, the squad has recorded 33 victories and 31 defeats.

Mackie Andrew and Tom Borgmeyer will be the only two players leaving the squad. Louis Piepho was the most improved player having doubled his scoring average and rebounding power. Center Wayne Lewis led all Miner rebounders with 189 and a 9 rebound average per game. John Head swept down 129 from the boards and added 167 points. All freshman members showed improvement over the season.

Randy Vessell, the leading UMR scorer and playmaker, was unanimously selected for the first string on the All-Conference team.

Louis Piepho was named the most improved player on the Miner squad.

John Head jumps high for a rebound as Wayne Lewis looks on.

at .500 mark

Forward John Head maneuvers to set up a play as a Springfield player closes in.

Springfield Bears 76-72

Leading scorer for the Cagers, Randy Vessell, drives down court as Head (11) sets up a screen.

Many thanks go to our wonderful cheerleaders and Joe Miner.

FRONT ROW, Left to right: Weiner, Friens, Sloan, Dumphy, Handlan, Riley.
BACK ROW: Behrens, Dunning, Adams, Burke, Riege, Bischof, Lauck.

During the last three years the Student Council supported UMR rugby team has gained nation-wide recognition. Last year's team placed third out of sixteen teams in the Chicago tournament. Since its conception the team has never finished less than fourth place in the first division.

This year's rivals include; Wisconsin, K. U., St. Louis University, St. Louis Bombers, and the Rebels Rugby Club. President of this year's team was Ray Behrens.

Fullback Ray Behrens, lunges forward in a game that resembles both football and soccer.

Rugby provides both the player and the spectator with plenty of excitement.

UMR Rugby in third season

Bischof and Sloan close in as the ball is sprung loose in the traditional black-gold game.

FRONT ROW, left to right: Richard Vogeler, Robert Hill, Wilford Pomeroy, John Peery. BACK ROW: MSG William D. Meredith, coach, Carl Duf-

ner, Charles Foster, Charles Ellison, Samuel Curtis, SFC Orvil E. Parker, asst. coach.

'67 Rifle Team

The UMR Varsity Rifle Team, under the fine leadership of Master Sergeant William Meredith and Sergeant First Class Orvil Parker, completed another successful season outshooting such teams as Oklahoma State, Kansas State, University of Missouri at Columbia and Wichita State. One of the most outstanding accomplishments of this year's team was winning first place in the Fourth Annual Smallbore Rifle Tournament held at UMR. Twenty teams and eighty-two individual teams fr

Richard Vogeler demonstrates the sitting position as MSG Bill Meredith and SFC Orvil Parker look on.

Left to right: Moore, Ballman, Tracy, Notestine, Duren, Browne, Bishop.

UMR Harriers see winning season

The 1967 UMR Cross Country Team, under the excellent coaching of Ted Moore, compiled one of the best records in years. Led by the strong running of Stan Notestine, the harriers won four out of seven dual meets. Teams defeated include; Harris Teachers College, Lincoln College and Westminster. In the annual Greenville Invitational Meet, Stan Notestine finished fifth out of some fifty runners. With a very strong and young team, hopes are high for next year.

Brown, Bishop and Ballman work out before a meet. Cross country requires hours and hours of conditioning.

FRONT ROW, left to right: Doug Beck, Rick Low, Ken Link. BACK ROW: Larry Estes, Joe Reynolds, Bob Whelove, Coach Ray Morgan.

UMR players get ready for the serve in doubles competition.

'67 Tennis

UMR's tennis team, coached by Ray Morgan, closed the 1967 season winning three matches. The defeated teams include Evangel College, McKendree and Bolivar. There will be only one loss of manpower to the team, as number one singles player, Bob Whelove graduates. Returning next season will be five lettermen. The sophomores returning are Larry Estes and Ken Link, while the freshmen are Joe Reynolds, Doug Beck, and Rick Low. Coach Morgan feels optimistic about next year's team due to the experience gained and depth added.

'67 Golf

This season, as in the past, proved to be another successful one for the University of Missouri at Rolla linksmen. Starting the year with four returning lettermen and the fine coaching of Bud Glazier, the Miner linksmen fell short of keeping the MIAA conference crown they won last year. Victories were recorded over such teams as Warrensburg, Cape Girardeau and Kirksville. The team will be losing three of its six members, but Coach Glazier expects a good season next year.

UMR's number one golfer, Fred Parks, lines up a putt during a meet with Central Missouri State.

Left to right: Larry Parks, Fred Parks, Steve Coats, Don Traut, Jim McCracken, Jack Ahrens, Coach Bud Glazier.

FRONT ROW, left to right: Smith, Arney, Browne, Duren, Notestine, Poehler. SECOND ROW: Coach Moore, Koederitz, Harris, Ballman, Jones, Bartley, Bowin, Coach Finley. BACK

ROW: Lambert, Gray, Pink, Rosenkoetter, Stout, Laramie, Hirner.

'67 Cindermen set

Coach Finley and student coach Ted Moore worked with head coach Gale Bullman in directing the Missouri Miner cindermen to a 3-3 outdoor record for the 1967 schedule. The UMR squad smashed 11 out of 17 school records at least once this year. Len Koederitz will be the only loss through graduation. This year's group included 12 freshmen, 5 sophomores, 2 juniors, and a single senior. Two of the Miner freshmen led all scoring for the season. Pink totaled 72 out of 90 possible points in one of the most outstanding freshman performances ever recorded at UMR.

Sophomore distance runner, Stan Notestine, broke the records for both the one and two mile runs.

Dual-Triangular Record

UMR		OPP.
107	Westminster	37
115	Evangel	30
88	Principia	57
22	Emporia State	96
22	Warrensburg	62
60	Washington U.	85
64	Springfield	81

New records were set in the shot and discus by Don Pink. Only a freshman this year, Don has a bright future with the cindermen.

new school records

The record for the 440 yard hurdles fell to Dave Gray shown coming in first followed by teammate Rich Rosenkoetter.

Freshman cinderman Ray Laramie high jumps six feet to take a first against Evangel College.

UMR takes the lead in the 440 yard hurdles against Principia.

Track

Steve Hallman places first in the 880 yard run.

Cinderman Leonard Stout throws the javelin in meet with Principia. Stout set a new record of 191.5' in the javelin.

Sophomore Wes Bartley places in the broad jump for UMR with a 21' jump.

David Gray and Rich Rosenkoetter take first and second in the 120 yard high hurdles.

FRONT ROW, left to right: Coach Christopher, Fiene, Hanlan, Schrick, Andrews, Hughes, Podgarney, Hall. SECOND ROW: Bergland, Reuther, McMillan, Killian, Broccard, Shuey, Windish. THIRD ROW: Ash, Termine, Nixon, Hurt, Stack, Frisbee, Albert, Crisco.

Miners win four in

The 1967 University of Missouri at Rolla Miners came within two runs of winning the MIAA Southern Division Baseball Championship this year. Under the excellent coaching of Leo Christopher the Miners saw one of the best baseball seasons in years. Teams defeated included Springfield, Cape, Warrensburg and Kirksville. Ken Shuey won five games for the Miners with an earned run average of 1.19 while maintaining the highest batting average on the team. Terry Broccard and Mike Windish took second and third batting honors behind Ken. Most popular player on the squad was voted to Andrews.

Third baseman Killian fields a ground ball hit by a Springfield opponent in the first game of a double header.

Miner shortstop, Mike Windish, fires the ball home after a short grounder. Mike batted a .312 for the season.

four, lose
league play

Don Albert takes a strike as Terry Broccard holds on third.

Coach Christopher, who was recently awarded a lifetime membership in the Association of Professional Ball Players of America, instructs his team on the proper way to swing.

Catcher Terry Broccard, hitting .314 for the season bats against Warrensburg.

Leading hitter and pitcher for the Miners, Ken Shuey, throws to a Springfield opponent.

Good fielding is as essential as good hitting.

The UMR-ROTC Band, which was organized nearly sixty years ago, is sponsored jointly by the University and the Military Science Department. It is actually two bands: A marching band that plays at football games and military functions, and a concert band that plays on several occasions on campus and travels throughout the state and on occasion to distant parts of the country. The band was honored with a television performance that was part of the Missouri Campus Talent series. This spring the band traveled to Memphis, Tennessee, for the annual Cotton Carnival. Under the very able direction of Professor David Oakley the band constantly broadens its reputation.

Alpha Chi Sigma

ALPHA SIGMA MU, a national honor society for Metallurgical Engineers was founded at the University of Missouri at Rolla in 1958. The purpose of the fraternity is to further the art and science of metals; to promote and recognize scholarship, professional attainment, and the high social and moral culture of its members; to maintain the high objectives of the profession; and to make better the relations among colleges and universities of metallurgy throughout the country.

Alpha Sigma Mu

ALPHA CHI SIGMA is a national honorary fraternity for outstanding students of chemistry and chemical engineering. The Beta Delta chapter at the University of Missouri at Rolla strives to promote scholarship and in addition sponsors a safety program for all laboratories. The chapter also attempts to bind its members with lasting friendship, to strive for the advancement of chemistry, and to help students make the adjustment from collegiate to professional life.

Chi Epsilon

CHI EPSILON, the national Civil Engineering honor fraternity, was founded at the University of Illinois in 1922. It was organized locally at the University of Missouri at Rolla in 1950. The organization is based on the objective of increasing the efficiency of the civil engineering profession as an instrument of social betterment. The membership of Chi Epsilon is chosen from the upper one-third of the junior and senior classes from the CE Department.

Members relaxing at a Chi Ep banquet.

KAPPA MU EPSILON—FRONT ROW: Biermann, A. H., Vice-President; Devaney, M. E., Historian; Scarpero, D. C., President. ROW 2: Neumann, C. J., Faintich, M. B., Holman, T. L., Kehrman, R. F., Secretary.

Kappa Mu Epsilon

KAPPA MU EPSILON, the national mathematics honorary fraternity, is composed of outstanding undergraduate students in mathematics at the University of Missouri at Rolla. The organization's meetings are planned to provide a better understanding of mathematical technique, and most basic building block of science and engineering. Meetings are held throughout the year, and guest speakers discuss problems of common interest.

Kappa Kappa Psi

KAPPA KAPPA PSI, a national honorary fraternity for college bandmen, gives recognition for outstanding achievement in the field of music. The fraternity's purposes are to promote the welfare of the college band, to honor outstanding bandmen, to stimulate campus leadership, and to strengthen the ties between college bands. Delta Gamma Chapter, founded in 1958 at the University of Missouri at Rolla, was this year chosen as one of the top ten chapters in the country.

KAPPA KAPPA PSI—FRONT ROW: Rohm, G. T., Kurtz, T. J., Schoeffel, W. L., Smith, B. W., President; Kahrs, J. W., Vice-President; Schoeffel, R. D., Secretary. ROW 2: Dawson, G. C., Schlef, C. L., Dewey, R. S., Wood, W. P., Cantrell, J. W., Walther, G. C. ROW 3: Wedge, W. K., Graham, W. D., Koch, D. J., Goldbogen, M. G., Olney, G. E., Student, P. J.

Pi Tau Sigma

New members collect signatures for their plaques.

The Missouri chapter of PI TAU SIGMA, a national honorary Mechanical Engineering fraternity, was founded at the University of Missouri at Rolla in April of 1955. Members are selected on the basis of scholarship, engineering ability, and character. The society's objectives are to foster the high ideals of the engineering profession, to develop its members for engineering leadership, and to initiate projects which are beneficial to the Mechanical Engineering department.

The generators in the Mechanical Engineering lab.

PI TAU SIGMA: Bodell, T. J., Herzog, R. J., Bulmer, R. H., Recording Secretary; Shank, D. R., Treasurer; Hutcheson, D. W., Vice-President; Buckley, S. P., Holman, T. L., Guelbert, W. C., Parks, J. L., Gass, J. W., Wright, S. A., Eades, D. L., Swindle, K. R., Little, A. B., Woessner, J. D., Cochran, J. L., Patterson, C. L., Hopkins, W. J., Brewer, R. W., Clarke, J. E., Daniels, J. L., Dare, R. R.

Scabbard and Blade

Company B, 16th Regiment, SCABBARD and BLADE, is a national honorary military society founded at the University of Missouri in 1965. The purposes of the organization are to raise the standard of military education in American colleges, to unite their military departments, and to build better military officers. Membership is selected from juniors and seniors in the advanced Reserve Officers Training Corps program.

Scabbard and Blade is responsible for planning the events of Military Ball Weekend.

The Color Guard signals the start of the Military Ball and the honorary initiation of three men into Scabbard and Blade.

SCABBARD & BLADE—FRONT ROW: Zoellner, L. E., Petry, T. M., Rosemann, M. E., 2nd Lt. USAR; Hays, T. E., Captain; Meinershagen, L. E., 1st Lt.; Rankin, R. F., 2nd Lt.-Treasurer; Dinkel, T. R., 2nd PLT. Sgt.; McMillen, T. M., Ray, J. A. ROW 2: Davis, R. J., Schenk, R. W., Wright, S. A., Ulrich, K. L., Gullic, R. C., Pahlmann, G. A., Lynch, J. F., Wagher,

C., Kehrman, R. F., Leininger, D. N., Clayton, M. S.

Tau Beta Pi

The Missouri Beta Chapter of TAU BETA PI, a national engineering honor society with the specific purpose of recognizing those of distinguished scholarship and exemplary character in the field of engineering, was organized at the University of Missouri at Rolla in 1906. Since then, it has fostered a spirit of scholastic improvement and has been the goal of all conscientious engineering students. Members are taken from the upper one-eighth of the junior class and from the upper one-fifth of the senior class.

SIGMA GAMMA EPSILON—FRONT ROW: Bosch, A. M. Vice-President; Smith, F. J., President; Dinkel, T. R. ROW 2: King, C. S., Thompson, S. D., Wolf, W. A., Stigall, D. R.

Sigma Gamma Epsilon

SIGMA GAMMA EPSILON is a national fraternity that unites students of geology, mining, ceramics, metallurgy, and petroleum engineering. The objectives of the fraternity include scholarship, scientific and social advancement of its members, the extension of friendship and assistance among universities, and the promotion of a better relationship between the students and faculty of the University of Missouri at Rolla.

PI EPSILON TAU: McCaw, D. W., Secretary-Treasurer; Knepler, J. R., executive Vice-President; Nuss, N. W., President; Carlile, R. E., Faculty Advisor; Keith, D. L., Corresponding Secretary; Nute, A. J., Owens, C. D., 2nd Vice-President; Ghole, J. R.

Pi Epsilon Tau

PI EPSILON TAU is a recently organized honorary Petroleum Engineering fraternity at the University of Missouri at Rolla. The society has as its objectives the promotion of scholarship, the stimulation of mental development, and the development of interests in the professional aspects of petroleum engineering.

THETA TAU: Pendergrass, N. A., Munsey, J. E., Pledge Marshal; Wohlberg, R. W., President; Flugrad, D. R., Vice-President; Alexander, R. G., Corr. Secretary; Filichowski, W. J., Drag, C. P., Hennenhoefer, T. G., Fick, R. C., Munns, J. A.,

Theta Tau

THETA TAU is a national engineering professional fraternity which was founded at the University of Missouri at Rolla in 1916. The society seeks to organize the social as well as the professional life of the engineer and to help him master the problems and principles of his profession. Members are selected from students who are active in extracurricular activities and who have scholastic averages above that required for graduation.

Fluchel, R. B., Perkins, R. A., Woodruff, M. R., Neet, T. H., Fix, F. F., Fridley, M. C., Behrens, R. A., Ohnimus, S. W., Deelo, M. L., Bruce, R. S.

Prospective members are told how to prepare their initiation plaques . . .

. . . then it's time to track down those signatures.

Phi Eta Sigma

PHI ETA SIGMA is a national honorary fraternity for college freshmen who have obtained a cumulative grade point average of 3.50 or better. Since its founding at the University of Missouri at Rolla, Phi Eta Sigma has gained recognition for outstanding freshmen and sophomores and has carried out various service projects for both the school and the community.

PHI ETA SIGMA—FRONT ROW: Skitek, D. G., Senior Advisor; Walker, R. L., Livengood, R. J., Corresponding Secretary; Townsend, A. L., Treasurer; Fuller, J. K., President; Ban, S., Secretary; Nicodemus, R. M., Historian; Nagy, D. C., Hitt, G. W. ROW 2: Addington, L. A., Wipe, K., Zenge, T. L.,

Eta Kappa Nu

ETA KAPPA NU is an honor society for students of electrical engineering who have shown exceptional interest and marked ability in their field. The chapter at the University of Missouri at Rolla strives to foster a spirit of liberal culture in the electrical engineering curriculum and to honor those students who have distinguished themselves through their scholarship, leadership, and outstanding character.

Pledges are required to make plaques.

The society provides laboratory insurance.

AFS—FIRST ROW: Tate, M. B., Fleming, J. W., Roysden, B. W., Vice-President; Munsey, J. E., Lambert, D. B., Pledge Marshal. ROW 2: Perry, N. W., Verebelyi, E. R., Behrens, R. A., Hammann, K. K., Munns, J. A., Williams, R. L., Brunkhorst, S. J.

AFS

A small induction furnace in the foundry.

The student chapter of the AMERICAN FOUNDRYMEN'S SOCIETY was organized at the University of Missouri at Rolla in 1948. Today the local chapter is the largest student chapter in the nation. The purpose of the organization is to present the advancements in metal casting techniques to the students and to provide a tie between the students and the metallurgical industry.

Dr. Eppelsheimer addresses a group of future mets.

ASCE—FRONT ROW: Chapman, D. D., Meisenheimer, J. K., Webb, W. D., Radmacher, J. J., Baur, J., Corresponding Secretary; Godfrey, W. H., President; Bruce, R. S., Secretary; Calton, L. B., Mathes, J. IEEE

The INSTITUTE OF ELECTRICAL AND ELECTRONIC ENGINEERS at the University of Missouri at Rolla acts as a meeting place where electrical engineering students can exchange information and viewpoints. Each month the organization has an outstanding speaker in the electrical engineering field to talk on the current ideas and advancements in the profession. The society also takes interesting field trips and sponsors an annual spring outing for its members.

Mr. Herrick addresses the IEEE banquet.

Those attending the IEEE banquet were entertained by a faculty skit.

N.E.S.: Johnson, P. E., Secretary; Munns, J. A., President; Jackson, R. O., Treasurer; Butterfield, D. A., Morrissey, J. C., Cantwell, D. A., Landry, R. R., Smith, D. H., Bartley, E. W.

NES

The NUCLEAR ENGINEERING SOCIETY at the University of Missouri at Rolla is made up of students who are interested in the nuclear engineering field. The organization plans meetings at which interesting films are shown to introduce its members to the profession and in addition sponsors guest speakers throughout the year to talk on the advancements of nuclear science.

Keramos

KERAMOS, a national professional fraternity open to outstanding students in ceramic engineering and science, was organized at the University of Missouri at Rolla in 1947. Student members of the organization are chosen on the basis of their character, scholastic record, and promise of success in the ceramic field.

KERAMOS: Bloechle, D. P., Starling, J. E., President; Harmon, L. G., Secretary; Leininger, D. N., Wolz, G. N., Drag, C. P.

SEG

The student SOCIETY OF ENGINEERING GEOPHYSICS was founded at the University of Missouri at Rolla in the fall of 1960. Its purpose is to stimulate and encourage the student's interest in the science of geophysics and related fields. Annual activities of the organization include an Engineers' Day exhibit, joint meetings with other earth science organizations, and a spring outing. Membership is open to all undergraduate and graduate students interested in geophysics.

SEG sponsors guest speakers throughout the year.

Two of the distinguished speakers for the chartering of NSPE at UMR.

NSPE

The NATIONAL SOCIETY OF PROFESSIONAL ENGINEERS received its charter in December of 1966. The organization is aimed at the promotion and protection of the profession of engineering as a social and economic influence vital to the nation. The society is made up of over 65,000 professional engineers who serve industry and the public as well as their profession.

N.S.P.E.: Kremmel, D. G., McMillen, T. M., DaSaro, D. E., Society Representative; McFinney, J. D., Treasurer, Miller, S. P., President; Cantwell, D. A., Secretary; Edwards, E. AIME

The AMERICAN INSTITUTE OF MINING AND METALLURGICAL ENGINEERS is a professional organization designed to advance among its members, knowledge of the petroleum, mineral, and mining industries. In addition, the organization strives to promote a greater interest in these professions and to give the student members a much closer contact with their respective industries.

AIP

Since its establishment at the University of Missouri at Rolla in 1962, the AMERICAN INSTITUTE OF PHYSICS has promoted interest in the various fields of physics by providing students with an organization whose main objective is acquainting members with aspects of the field of physics. Films and guest speakers from on and off campus are presented at monthly meetings which, along with other AIP sponsored events, provide information of great interest to its members.

AIP—FRONT ROW: Bradley, R. W., Hedrick, J. L., Secretary; Visos, J. D., Treasurer; Woodward, G. K., Evans, J. W. ROW 2: Schowengerdt, R. A., Mezines, S. A., Gudaitis, J. J., Smith, R. L., Favignano, R. J.

AIChE

The University of Missouri at Rolla student chapter of the AMERICAN INSTITUTE OF CHEMICAL ENGINEERS was chartered in 1939. The organization provides the student with an atmosphere for professional development through programs presented by highly trained professional men from industry. In addition, the bimonthly meetings and spring and fall outings give the students and faculty a chance to associate informally.

Jim Moore turns over the gavel to the newly elected president, Jim Thomas.

AIChE was chosen the outstanding professional society of the year at UMR.

AIAA

THE AMERICAN INSTITUTE OF AERONAUTICS AND ASTRONAUTICS at the University of Missouri at Rolla serves as a link between the student and advances made in space technology. The AIAA is concerned with problems of propulsion, instrumentation, guidance, materials, astrophysics, and related space-age fields. Student members are acquainted with developments in these fields through discussion groups, films, and guest speakers.

ACS

The AMERICAN CERAMIC SOCIETY is a national organization of educators, engineers, industrial managers, and students dedicated to the promotion of science and engineering with respect to ceramics and its related industries. Student meetings are held monthly at the University of Missouri at Rolla during which films, noted ceramists, and graduate students inform the organization of technological advances in ceramics.

AMERICAN CERAMIC SOCIETY-FRONT ROW: Wolz, G.N., Leininger, D.N., Secretary; Harmon, L.G., President; Hollenberg, G.W., Vice-President; Anthonis, H.E., Treasurer. ROW 2: Walther, G.C. SAE chapter receives an award from their national office.

SAE

The SOCIETY OF AUTOMOTIVE ENGINEERS at the University of Missouri at Rolla, one of the largest student chapters in the nation, helps the student develop character and leadership ability. The organization also helps to keep its members well informed on the latest developments and advancements in the design, production, and operation of automobiles and aircraft.

Sponsoring an annual car show is one of the organization's many activities.

SOCIETY OF PETROLEUM ENGINEERS: Reatherford, J.D., Warren, T.R., McCaw, D.W., Vice-President; Knepler, J.R., President; Nuss, N.W., Treasurer; Cantwell, D.A., Carlile, R.E., Faculty; Norton, J.M., Rezghi, E., Farrar, B.F., Schmidt, T.S., Ghole, J.R., Honarpour, M., Dockery, C.E., Nute, A.J., Owens, C.D., Carlson, T., Keith, D.L.

SPE

The SOCIETY OF PETROLEUM ENGINEERS of AIME at the University of Missouri at Rolla is an organization composed of students interested in the petroleum industry. Benefits of membership include many interesting lectures on the technological developments in the industry, student paper contests, field trips to various petroleum companies, and films at many of the regular monthly meetings held throughout the year.

ASM

The AMERICAN SOCIETY FOR METALS is the major professional organization for metallurgists. The University of Missouri at Rolla chapter was organized with the purpose of promoting interest in the professional aspects of the metallurgical field and supplementing the formal education of the student with several types of informal education. This informal education includes movies and lectures by guest speakers at the regular meetings plus an annual field trip and outing.

ASM-FRONT ROW: Behrens, R.A., Executive Committeeman; Roysden, B.W., Vice-President; Munsey, J.E., President; Munns, J.A., Secretary; Butterfield, D.A., Treasurer ROW 2: Welsh, D.M., Perry, N.W., Historian; Williams, N.R., Kotys, G.S. Bosch, A.M., Michel, J.H. ROW 3: Brown, K.L., Gorman, M.D., Tate, M.B., Williams, R.L., Corresponding Secretary.

W.T. SCHRENK SOCIETY-FRONT ROW: Drissel, N.R.A., Lee, P.E., President; Lee, B.C., Secretary-Treasurer; Hennecke, E.W., Vice-President; McDonald, H.O., Advisor ROW 2: Beaty, R.D., Kahrs, J.W., Rosemann, M.E., Student, P.J., Mizer, G.L., Tappmeyer, W.P., Faculty Sponsor.

W. T. Schrenk

The W. T. SCHRENK CHEMICAL SOCIETY was founded at the University of Missouri at Rolla in 1960 specifically for chemistry majors. The purposes of the society are to acquaint the student of chemistry with the professional aspects of the science, to inform the student of recent advances in the profession, and to promote good relations between the student and faculty. Membership is open to all chemistry majors.

C. L. Dake

The C. L. DAKE GEOLOGICAL SOCIETY was organized in memory of Dr. Charles L. Dake, late professor and chairman of the Department of Geology and Geological Engineering. It is composed of students of all curricula who share a common interest in the earth sciences. The goal of the society is to advance the knowledge of all phases of geology and to promote social relationships among its members. The club presents speakers throughout the school year, goes on several field trips, and sponsors a departmental picnic in the spring.

C.L. DAKE SOCIETY-FRONT ROW: Tibbs, N.H., Kieffer, F.M., Marchand, C.P., Secretary-Treasurer; Hebrank, A.W., President; Hailey, J.L. Lyons, G.J. ROW 2: Erdmann, F.W., Degenhardt, E.A., Halterman, L. Butherus, D.L., Cartwright, G.J., Richards, F.L., Schmidt, T.E. ROW 3: Irwin, R.M., Preston, L.H., Bradley, M.F., Dinkel, T.R., Gentzler, E.C., Moore, J.L.

Instruction is given in all phases of karate.

Will it break?

There is always plenty of wood for practice.

Karate Club

KARATE CLUB: McKinney, J.D., Secretary; Roberts, S.K., Vice-President; DaSaro, D.E., President; Foster, K.C., Treasurer; Gerig, F.A., Historian; Matthews, R.L., Kremmel, D.G., Cochran, J.L., Clark, J.D., Bolter, E., Zoll, B.G., Rvengert, M.R., Kieffer, F.M., Graham, R.H., Storck, R.K., Couch, C.P., Christopher, H.W., Wiswell, W.C., McElhany, R.R.

The Karate Club often gives demonstrations to interested groups.

A little lower to the right, please.

M-CLUB: Clayton, M.S., Vogt, F.K., McGrady, C., Nicodemus, R.M., Secretary; Remington, C.R., Faculty Advisor; Ricker, E.E., President; Owens, T.J., Vice-President; Gray D.L., Scheibel, L.L., Tracy, R.G., Notestine, S.W., Ohnimus, S.W., Parks, J.L., Weitzel, P.S., Parks, F.B., Cuneo, C.R., Shanholtzer, J.T., Bartley, F.W., Koedertiz, L.F., Duren, D.D., Fix, R.G., Florence, K.T., Carter, R.E., Schenk, R.W., Lewis, L., Stieferman, M.J., Sauer, D.A., Lewis W.E., Bornemann, L.J. Kemp, T.M., Rosenkoetter, R.A., Thompson, J.E.

M-Club

The "M" CLUB is composed of men who have earned a varsity letter in one of the inter-collegiate sports offered at UMR. The club was established in 1939 in order to promote better sportsmanship, encourage participation in varsity athletics, recognize athletic achievements, and lend service to spectators, players, and officials at school athletic contests. An awards banquet is sponsored by the club each spring at which outstanding athletic achievements are recognized.

Photo Club

The UMR PHOTO CLUB was organized at the University of Missouri at Rolla with the purpose of furthering an interest in photography and presenting its members with helpful information and new ideas about all phases of photography. In addition, the club maintains a darkroom which is always available to all members, both student and faculty. Regular meetings are held by the club throughout the year and much of the work done by its members is displayed periodically.

PHOTO CLUB: Tenes, E.B., Julian, G.L., Schnurbusch, L.J., Spiegel, J., President; O'Neill, E.A., Secretary-Treasurer; Martin, D.C., Shoop, S.K., Gudaitis, J., Astrack, R.R., Wagner, R.V., Ditrich, F.J.,

RADIO CLUB: Tooley, L.E., President; Ashby, M.A., McGraw, D.W., Station Manager; Battista, L., Secretary; Muellhaupt, E.W., Vice-President; DeSpain, D.R., Treasurer; Holman, T.L., Johnson, J.L., Woirhaye, R.L., Traffic Manager; Helmkamp, L.L., White, J.W., Johnson, W.L., Biggerstaff, G.D., Corrigan, K.C., Schultz, J.T., Hahn, H.B., Bozarth, B.A., McWilliams, L.W., Liebling, G.C., Jackson, H.A., Adams, W.A., Adkins, W.S., Youngs, P.L., Anderson, W.F., Ramsey, D.W.

Radio Club

The RADIO CLUB at the University of Missouri at Rolla was started in the early 1930's. The club, which has as its motto "World Friendship Through Amateur Radio" is now a member of many public service organizations and has facilities for handling traffic from Rolla to almost anywhere in the world. Activities of the club include general operation of the station, message handling, and classes in radio theory and code.

The radio club is a large, well-run organization.

The radio club contacts other "Hams" all over the world.

SPELUNKERS: Cook, D.L., Hailey, J.L., M.S.S. Representative; Lyons, G.J., Vice-President; Halterman, L., President; Butherus, D.L., Secretary-Treasurer; Turrentine, J.E., Older, C.D., Krogstad, W.D., Tibbs, N.H., Gudaitis, J., Degenhardt, E.A., Cartwright, G.J., Garrison, E.J., Research Council Chairman; Sloat, E.H., Hilburn, H.L., Piros, R.A., Marchand, C.P., Miller, G.B., Hebrank, A.W., Davidson, P.G., Hance, C.W.

Member making a rapid survey with a brunton compass.

Spelunkers

The SPELUNKERS CLUB of the University of Missouri at Rolla is composed of students who are interested in the exploration of caves. The club was organized in the early thirties and became an official school organization in 1949. The club, which works in cooperation with the Missouri Speleological Survey concerning matters of cave mapping and speleological information, stresses the importance of cave conservation.

These spelunkers might be short on foot, but they are certainly long on spirits.

University Dames

The University of Missouri at Rolla chapter of UNIVERSITY DAMES is an organization of student's wives. The principle objectives of the organization are to promote a spirit of friendship, to furnish means of entertainment, and to stimulate general culture among its members. Membership is open to all wives of students enrolled at UMR and its members are encouraged to join the various interest groups of bridge, ceramics, choral, drama, pinochle, and interior design.

Members sign up for various interest groups sponsored by the University Dames.

Members of the organization put on plays.

The organization stresses physical training.

Raiders

The RAIDERS is a military organization open only to freshmen at the University of Missouri at Rolla. The organization is designed to aid in the character development of its members by the promotion of physical maturity. Members receive training in patrolling, map reading, counter-insurgency operations, tactics, and leadership as well as in physical training.

RAIDERS: Estill, G.T., Pellegrino, D.R., S-4 Supply Officer; Wagner, H.W., S-1 Adjutant; Jennings, F.W., Commanding Officer; Davis, R.J., S-3 Training and Operations; Ross, L.H., Assistant Operations; Klema, P., Elfrink, M.A., Spalding, T.J., Bartley, E.W., Ripley, D.E., Cadgt. Sgt.; Freeman, R.L., Cheek, M.R., Kirmeyer, G.J., Evans, J.W., George, S.A., Hollis, J.L., Jennings, H. Jr., Fletcher, R.A., Strang, B.B., Davidson, P.G. Georges, M.H., Stein, K., Keenoy, R.P., Private; Fessenden, R.M., Conrad, M.C., Lowery, M.J., Scoggins, K.W., Reinhardt, R.P., Glover, J.K., Webber, G.A.M., Masters, R.S., Mueller, C.J., Evans, D.H.

The Glee Club and Madrigal Singers

The University has two new vocal groups that are a noteworthy addition to our growing musical department. The Glee Club and Madrigal Singers were both organized this year and already have been quite active. The Glee Club sang at the inauguration of President Weaver in Columbia and also sang in concert on campus during the spring. The Madrigals performed during the Rolla Fine Arts Festival. Both groups are sponsored by the Humanities Department.

SWE-FRONT ROW: Taylor, R.W., Recording Secretary-Treasurer; Crume, S.A., President; Kalz, J.L., Vice-President; Nolte, M.J., Corresponding Secretary-Historian ROW 2: Henderson, S.L., Graves, W.M., Barr, N.A., Minich, C.

SWE

The SOCIETY OF WOMEN ENGINEERS is a national professional organization composed of women who are professional engineers and women who are engineering or science students. The purposes of the society are to present the needs and ideals of women in the engineering profession and to encourage women with the necessary technical aptitudes and interests to enter the engineering field. The UMR branch of the society sponsors several events and activities during the year including a "Coke party" in September and a picnic in May.

Coeds

THE COEDS, a social group open to all women students at the University of Missouri at Rolla, strives to promote friendship and the betterment of its members. The group was organized in 1963 and in 1965 was recognized as an official school organization. Meetings are held monthly in which programs are presented on such topics as fashions, cosmetics, and hairstyles.

COEDS-FRONT ROW: Lacy, L.L., Haynes, J.A., Gleason, N., Parliamentarian; Crume, S.A., President; Pompe, M.J., Sec-Treas; Miller, R.M. ROW 2: Taylor R.W., Kalz, J.A., Henderson, S.L., Minich, C., Barr, N.A., Nolte, M.J., Jones, B.M.

PERSHING RIFLES-FRONT ROW: Wagner, P., Watson, W.W. Jr., Asst. S-1; Hallett, M.D., Expansion Officer; Dinkel, T.R., Public Information Officer; Mitchell, F.L., S-3 Operations Officer; Leininger, D.N., Commanding Officer; Zoellner, L.E., S-1 Personnel Officer; O'Neill, J.A., S-4 Logistics Officer; Roth, L.C., Drill Master; Gilkey, R.L., Walker, D.E. ROW 2: Wilcox, T.M., Pledge Captain; Duperret, E.R., Miller, W.A., Asst. Drill Master; Huebner, C.E., Schmelzel, R.W., Pugh, A.L., S-2 Assistant; Eaton, E.T., Allen, D.C., Ward, R.F., Watson, T.V. ROW 3: Tyler, J.D., Assistant S-3; Hincey, S.D., Quigley, G.L., Norton, J.M., Berkel, K.C., Heimsoth, M.M. McIlnay, J.L., Bartlett, W.L., Ingram, J.M., Beirne, J.M. ROW 4: Speer, W.E., Toth, L.F., Rapp, E.B., Rankin, R.F., Rothermich, R.A., S-4 Assistant; Whelove, R.T., Jordan, M.G., Gruetzemacher, E.C., Assistant P10; Zoellner, C.F., Wattenbarger, J.C. ROW 5: Anderson, R.W., King, D.W., Kruckmeyer, W.C., Heape, A.D., Garnett, D.L., Von Demfange, W.C., Fenton, G.E., Potzmann, K.J., Kwiecinski, T.J., Stephenson, M.W.

Pershing Rifles

The PERSHING RIFLES was founded at the University of Nebraska by General John J. Pershing in 1894. Company K was founded at UMR in 1949. Pershing Rifles is a national honorary military society dedicated to the furthering of military principles and ideals among its members. Membership is open to all men enrolled in the basic Reserve Officers Training Corps program. Activities of the organization include providing honor guards for special occasions, performing at football games, and sponsoring rifle and pistol matches.

The Pershing Rifles give added support at all home football games.

Pershing Rifles pass in review during the annual spring awards ceremony.

ESPERANTO CLUB-FRONT ROW: Wade, J.F., Dorrell, E.W., President; Brewer, J.M., Advisor; Ryan, T.J., Secretary-Treasurer
ROW 2: Tibbs, N.H., Wade, L.V., Riege, J.D.

Forensic Society

Mosamo, the ESPERANTO CLUB at the University of Missouri at Rolla, was organized in 1947 for the promotion of world communication through a common auxiliary language. The language, which is spoken by over ten million people, was chosen by the U.S. Army as the official aggressor language, and at the eighth UNESCO conference, Esperanto was found to be the most desirable of the auxiliary languages of the world.

FORENSIC SOCIETY: Drag, C.P., Vice-President; Cantwell, D.A., President; Warren, T.R., Historian; Fesler, D.J., Munns, J.A., Wolfsberger, J.R., Librarian

Esperanto

The FORENSIC SOCIETY was organized at the University of Missouri at Rolla in 1964. It is composed of men interested in the art of public speaking. The purpose of the organization is to stimulate an interest in argumentation, debate, and public speaking. One of the main functions of the club is the sponsoring of a school debate team for intercollegiate competition.

RUSSIAN CLUB-FRONT ROW: Posch, R.J., Treasurer; Calfee, K.S., Secretary; Law, D.A., Advisor; Boeckman, K.I., Vice-President; Gregory, W.J., President ROW 2: Uriwski, N., Gilkey, R.L., Prost, M.S., Bush, D.R., Edwards, E.W., Hardy, M.E. ROW 3: Tibbs, N.H., Doerr, J.W., Erwin, I.A., Wade, L.V., Phelps, R.W., Schmiedeke, K.L.

Russian Club

The RUSSIAN CLUB is one of the newer organizations at the University of Missouri at Rolla. The purpose of the club is to give interested people a more informed and up-to-date idea as to what the Soviet Union is really like. Slides of Russia are often shown at the club's regularly scheduled meetings, and this past year the club sponsored "War and Peace" and the Russian movie, "Ballad of a Soldier."

Rock Climbing Club

The ROCK CLIMBING CLUB was organized at the University of Missouri at Rolla in the spring of 1964. The purpose of the organization is to encourage safe practices and proper techniques of rock climbing and is open to any student who has an interest in climbing. The club, which organizes climbing trips to local bluffs and quarries, supplies the needed equipment and leadership for proper climbing safety.

ROCK CLIMBING CLUB: Erdmann, F.W., Hays, T.E., Marchand, C.P., President; Barker, J.C., Secretary; Halterman, L., Thomas, W., Vice-President; Garrison, E.J., Halliburton, R.J.

BAPTIST STUDENT UNION: Tracy, R.G., Peer, D.D., Missions Chairman; Bell, N.J., Missions Publicity; Dorrell, E.W., Jr., Hutcheson, D.W., Vice-President; Brunson, R.J., President; Perez, C.E. Jr., Enlistment Chairman; Meisenheimer, J.K., Devotional Chairman; Davis, H.C., Wagher, S.K., International Activities; Thomas, B., Director; Clingingbeard, T.A., Music Chairman; Hinkle, L. Jr., Yount, M.R., Strother, G.L., Hilburn, H.L., Ervin, K.W., Jackson, H.A., Peer, O.M., Davidson, J.E., Happel, L.S., Kalz, J.L., Miller, W.A., McCormick, C.H., Kessler, S.E., Foster, M.A., Schlef, C.L., Tyler, J.D., Watson, W.W., Davis, R.A., Day, J., York, K.K. Battley, M.A., Norton, J.M., Miller, S.G., Kelly, L., McCormick, C.C., Anderson, W.E., McLean, R.L., Secretary; Taylor, G.L., Graves, W.M., Ragsdale, C.R., Arney, D.E., Horn, A.J.

Baptist Student Union

Bill Thomas, director of the BSU practices what he preaches: "One good turn deserves another."

The BAPTISTS STUDENT UNION was founded at the University of Missouri at Rolla in 1947. The purpose of the organization is to provide a link between the student and local churches. Activities of the BSU range from evening vespers and discussion groups to exchange parties with other BSU's. The organization also participates in all major intramural sports. In addition to providing a meeting place, the Baptist Student Union provides a place of relaxation for its members.

BSU members work industriously during their annual fund-raising car wash.

CHI ALPHA: Christiansen, J.M., Roberts, C., Chaplain; Lane, L.L., Harman, J.R., Vice-President; Godwin, W.R., Secretary-Treasurer; Harbin, R.L., President; McGinthia, N., Stoffer, J.O., Faculty Advisor; Hughes, V.W. Jr., Hughes, D.R., Harbin, G.J., Denney, G.N., Denney, C.E., Godwin, J.Y., Harman, M.L., Green, W.C., Hollis, J.L., Chapman, D.D., Christiansen, R.A., McGinthia, P.L., Hedden, W.J.

Chi Alpha

CHI ALPHA was founded on the UMR campus in 1959. The membership of the organization consists of those students who are members of the Assemblies of God churches. The purpose of Chi Alpha is to provide a link between the college campus and the church. It strives to furnish the college student with opportunities for worship, spiritual training, social activities and service. Social activities of the organization include such things as recreation at the church and combined activities with chapters from nearby colleges.

Gamma Delta

GAMMA DELTA is the International Association of Lutheran college students. It was founded on the UMR campus in 1945 under the precepts of Christian knowledge and service. The purposes of Gamma Delta are the promotion of the Lutheran faith and the stimulation of Christian thinking in the light of the Bible. In addition to regular meetings, the organization's activities include the sponsoring of guest speakers and the hosting of the annual regional convention.

GAMMA DELTA-FRONT ROW: Livengood, R.J., Treasurer; Helmkamp, L.L., Corresponding Secretary; Schaefer, M.P., President; Wagner, R.V., Vice-President; Palisch, A.E., Recording Secretary ROW 2: Otto, C.G., Heaberlin, A.L., Regional Vice-President; Liescheidt, K.W., Kaiser, K.W., Regional Treasurer; Heimsoth, M.M. ROW 3: Quayle, W.L., Schaefer, M.J., Vaninger, S.F., Brackman, T.E., Schaefer, D.D.

CANTERBURY CLUB; Munns, J.A., Vice-President; Davidge, G.K., Secretary; Smith, B.W., President; Diels, A.M., Ramsden, D.L., Walker, W.J., Sunderland, D.C., Galbierz, C.J., Wood, W.P., Joyner, H.S., Ayars, L.H.

Canterbury Club

The CANTERBURY CLUB, founded nationally in the 1930's was organized on the University of Missouri at Rolla campus in 1960. The Club furnishes the UMR students with an organization whose specific purpose is the enrichment and fulfillment of the Christian way of life. Every other Sunday the organization sponsors a buffet supper and an enlightening program. The Canterbury Club also helps sponsor the Cellar Door, a coffee house open to all UMR students on party weekends.

Liahona Fellowship

The LIAHONA FELLOWSHIP is an organization of the Reorganized Church of Jesus Christ of Latter Day Saints. Membership in the organization is open to any UMR student who is a member of the Church. The purposes of the organization include the development of fellowship and the provision of recreational activities for members and their guests. Activities sponsored by the organization promote the ideals of their religion and foster a spirit of fellowship and brotherhood.

LIAHONA FELLOWSHIP-FRONT ROW: Wheatley, C.L., Secretary-Treasurer; Newcom, D.K., President; Krueger, J.E., Vice-President; Allen, C.V. ROW 2: Smithson, B.J., Taylor, C.R., Hiatt, W.E., Redington, M.F.

NEWMAN CLUB: Worthman, D.E., Secretary; Potter, G.J., Vice-President; Kramer, Rev. G.J., Chaplain; Grvenloh, J.F., President; Davidson, R.F., Faculty Advisor; Miller, K.M., Heisserer, L.D., Program Chairman; Wilson, P.J., Podhorsky, J.F., Ryan, T.J., Kramer, J.L., Social Chairman; Mampilly,

C.T., O'Neill, E.A., Davidson, P.G., Forbeck, J.L., McKelvey, J.B., Voss, T.R., Cheek, M.R., Sulzer, D., Simmons, J.M., Garrison, E.J., Long, J.J., Engelbrecht, R.L., Midden, H.E. Kehrman, R.F., Adams, W.A., Thies, D.E., Delaney, R.L., Publicity Chairman; Dittrich, F.J., Corrigan, K.C.

Newman Club meets every two weeks.

Newman Club

The NEWMAN CLUB, founded in 1953, is an organization for the Catholic students on the University of Missouri at Rolla campus. In addition to its regular meetings, the Newman Club provides an extensive calendar of events for its members. Included in these activities are mixers, retreats, guest speakers and communion breakfasts. The Club's regular meetings during the year are a source of programs designed to be both interesting and informative to all of the members.

WESLEY FOUNDATION: FRONT ROW: Peters, D.C., Hall, L.M., Lamar, W.F., Minister; McCrae, R.F., State President; Jennings, F.W., President; Pitt, J.M., Vice-President; Minich, C., Simmons, O.A., Secretary, Hitt, G.W., ROW 2: Cook, R.L., McMichael D.L., Miller, G.B., Donnalley, B.R., Klitzing, R.J., Henderson, R.F., Thomas, P.S., Bhuta, K.H., ROW 3: Gleason,

N., Hardwick, H.R., Tracy, R.G., Henrikson, R.L., Schneider, J.J., Worts, J.E., Zoll, B.G., Nolte, M.J., ROW 4: Bartley, E.W., Smith, R.L., Becker, V.J., Lueck, R.H., Masters, R.S., Williams, H.D., Reed, S.L., Schafale, R.G., Rau, D.K.

Wesley

The WESLEY FOUNDATION, founded at UMR in 1923, is the Methodist Church on campus. Membership in the organization is open to all students. Its primary purpose is to lead students through study, worship, fellowship and service to accept Jesus Christ as their savior. Toward this end, the organization operates a varied but thorough program to meet the needs of many students. The Wesley Foundation House, which is open at all times for recreation, discussion and counseling, is the center for Wesley's mission to the campus.

Wesley helps sponsor the Cellar Door.

APO-FRONT ROW: McDermott, T. P., Meinershagen, A. J., Tappmeyer, Dr. W. P., Advisor; Warren, T. R., Alumni Sec-Secretary; Clynes, R., President; Munns, J. A., Z.V.P.-President; Knepler, J. C.

Alpha Phi Omega

ALPHA PHI OMEGA, a national service fraternity, is an organization of former Scouts whose purpose it was to assemble under the Scout Oath and Law and to promote service and goodwill to the campus, to the community, and to the nation. The Beta Omicron chapter, founded in 1939 at the University of Missouri at Rolla, strives to attain this goal through various service projects on the campus and in the community of Rolla.

APO distributes desk blotters.

Short quizzes are given throughout the pledging period.

Blue Key

BLUE KEY is a national honor fraternity with "Serving, I Live" as its motto. The organization's objectives are: To study, discuss, and strive to further the best interests of the University of Missouri at Rolla; to promote a spirit of fraternalism among all students of the school; and to otherwise fulfill the obligations of service to UMR. Blue Key's activities included organizing the annual athletic banquet, selecting an outstanding professional organization of the year, publishing the student directory, and the selection of a "Man of the Month" to honor campus leaders.

Mike Evans hands out Blue Key

Student Directories.

BLUE KEY: Graham, R. H., Martin, M. A., Treasurer; Evans, J. M., Vice-president; Kincaid, G. L., President; Graham, G. R., Secretary; Myers, W. E., Bolon, A. E., Advisor; Schweigert, B. E., Drag, C. Circle K officers prepare to start another meeting.

Circle K

CIRCLE K is a national service organization affiliated with the Kiwanis Club. The chapter at the University of Missouri at Rolla was organized in the spring of 1964. Since the chapter's founding on the UMR campus in the spring of 1964, it has grown rapidly in both membership and service activities. Personal contacts with business and professional leaders is made possible through the organization, and, as Circle K's motto — "We Build" — indicates, the club is ready to provide service to both the community and the campus.

CIRCLE K-FRONT ROW: Wylie, J. G., Wedge, W. K., Vice-President; Sowers, J. R., President; Beeson, J. J., Secretary; Orr, R. H. ROW 2: Quayle, W. L., Robb, R. F., Prinz, R. E., Pledge Trainer; Hazen, M. R., Conavay, W. C. ROW 3: Castro, T. J., Larsen, G. A., Koederitz, L. F., Steckel, F.M.

F., Lyon, R. D., Wege, J., Haley, P. E., Kuhn, T., Magee, R. J., Wood, G. D.

Dr. Oakes delivers a sterling speech at the annual initiation banquet.

Intercollegiate Knights

The Osage Chapter of INTERCOLLEGIATE KNIGHTS was founded at the University of Missouri at Rolla in 1964. Being an honorary service fraternity, it is composed of freshmen and sophomores who have accumulated a 3.00 overall grade point average. IK has as its purpose the promotion of college unity, tradition, and spirit through service, sacrifice, and loyalty and is constantly undertaking service projects for the betterment of the school and community.

CSA

The CHINESE STUDENT ASSOCIATION of the University of Missouri at Rolla was founded in 1964. The purpose of the organization is to bring together the Chinese students on campus, to develop brotherhood among them, and to help new Chinese students to adjust to the new environment. The Association also serves the duty of introducing Chinese culture to the local citizenry. Activities sponsored by the organization include a Chinese banquet in the spring semester and several dancing parties and basketball games in St. Louis.

FELA

The FEDERATION OF LATIN AMERICAN STUDENTS was founded on the UMR campus in 1961. The primary purpose of the organization is to improve understanding and relations between Latin American and American students. Other purposes of the organization include the promotion of scholarship, social activities, and a sports program for its members. Monthly meetings dealing with the geography and economy of Latin American nations are held to enhance the knowledge of its members.

F.E.L.A.-FRONT ROW: Benavides, F., Treasurer; Spiegel, J., Vice-President; Florez, G., President; Garcia, E., Secretary. ROW 2: Alvarado, D., Zevallos, R. A., Gojon, O. G. Z., Salazar, A. J., Guada, F. J., Public Relations

ROW 2: Jain, S. C., Mampilly, C. T., Shah, K. R., Desai, K. S., Gandhi, J. J., Patel, K. T., Bhuta, K. H. ROW 3: Dalal, P. K., Seth, R. B., Patel, B. N., Patel, M. L., Tamakuwala, M. R.

India Association

The INDIA ASSOCIATION was organized on the UMR campus in 1960. Its purpose is to promote friendship and understanding among students from India and other countries and to help Indian students adjust to their new environment. The Association also serves to acquaint the people of Rolla with India's unique culture. The organization sponsors such activities as movies, documentaries, and lectures on Indian culture as part of its program to acquaint UMR students with India.

IF

The purpose of the INTERNATIONAL FELLOWSHIP on the University of Missouri at Rolla campus is to promote mutual understanding and good will among people of all nationalities. Membership in the organization is open to all students, faculty members, and local residents. Meetings were held twice a month, and each meeting features a guest speaker. The largest activity of the International Fellowship is the annual International Banquet which is held each year in December.

INTERNATIONAL FELLOWSHIP: Morshedi, A. H., Master of Ceremony; Dorosti, J., Mirbaba, M., Rezghi, E., Bhuta, K. H., Farazandeh, A., Muller, A. E., Treasurer; Lane, M. R., Secretary; Al-Omari, F., President; Ata-Abadi, P., Vice-President; Findley, M. E., Kazemi, M., Spiegel, J., Rezvani, J., Honapour, M., Mangunwidjojo, A., Hindeleh, A.

Getting the car ready for the big date this weekend.

The University of Missouri at Rolla Chapter of Acacia Fraternity was founded on November 16, 1958, fifty-four years after the founding of Acacia National Fraternity on the University of Michigan campus in 1904. The purpose of Acacia is to provide a strong bond of fraternal friendship among the brothers and to prepare members for their active part in the community upon graduation. Based on Masonic principles, Acacia strives to attain high scholastic achievements while at the same time taking an active part in all social affairs on campus. The brotherhood consists of students who are either the sons or brothers of Master Masons or who have been recommended by two Master Masons.

ACACIA

A little warmup before the big intramural softball game.

ALPHA EPSILON PI

The Nu Deuteron chapter of Alpha Epsilon Pi was installed at the University of Missouri at Rolla on May 15, 1947. Since its reactivation in 1952 Alpha Epsilon Pi has grown from five charter members to its present membership of twenty-nine. Alpha Epsilon Pi, the national social fraternity for Jewish men, has as its goal the development of a high standard of social and intellectual fellowship among its members so that they may be better fitted to take proper seats in the universities and communities of America. The brothers are working hard to maintain a high standing in scholarship while at the same time taking an active part in the activities on campus and in the community.

The kitchen detail cleans up after the meal is over.

Dean of Pledges, Eugene Jackson, displays one of the pledge paddles.

Although Epsilon Psi of Alpha Phi Alpha was founded on the University of Missouri at Rolla campus only two years ago, it has already made its presence known as one of the fastest growing national fraternities on campus. Alpha Phi Alpha has placed several men in prominent positions in campus organizations as well as having been accepted as a full-fledged member of the UMR Interfraternity Council. In the latter months of the summer they well represented both the fraternity and the University at an Alpha Phi Alpha national convention in St. Louis. The brothers have an extensive rush program planned for this coming summer in order to have a full pledge class ready for next fall.

A.

Looks like a high level caucus on the upcoming elections.

BETA SIGMA PSI

Beta Sigma Psi, the national social fraternity for Lutheran Men, strives to develop Christian leaders and to aid the individual in assuming a satisfying and useful role in society. Currently under construction in the fraternity subdivision is Beta Sig's new seventy man house. Present plans call for its completion by September 1, 1967. The new house is of Swiss Chalet design and costs approximately \$250,000. The strong Beta Sig spirit of brotherhood, coupled with scholastic, social and campus activities have made the Eta chapter a strong fraternity. With added living space and improved accommodations the brothers of Beta Sigma Psi eagerly await the coming school year.

Beta Sig's answer to the New Christy Minstrels.

Quiet study conditions are a necessity when one is trying to concentrate.

This year the men of Delta Sigma Phi had the privilege of moving into the newest fraternity house on campus. The new house features a two unit construction, with a unique "round-house" which contains the eating and recreation facilities of Delta Sig, and a separate dormitory for living and study quarters. The Delta Epsilon Chapter was founded on the UMR campus on March 10, 1957. It is very proud to be able to boast of a new house just nine years after its beginning at UMR. Throughout its life, Delta Sigma Phi has stressed Scholarship and Engineering Leadership while at the same time taking an active part in all school affairs.

DELTA SIGMA PHI

The Delts "horses" round the last curve of the chariot race.

DELTA TAU DELTA

On Saturday, December 10, 1966, Kappa Phi became affiliated with Delta Tau Delta, national social fraternity. Delta Tau Delta was founded in 1858 at Bethany College, in Bethany West Virginia. It is one of the oldest and largest international fraternities and has been a member of the American fraternity system for more than a hundred years. The purpose of Delta Tau Delta is to promote brotherhood, scholarship, and leadership among its members. The "Delts" are active in social functions on campus and also in intramurals. Their becoming affiliated with a national fraternity provides the brothers of Delta Tau Delta with many opportunities to further their fraternity.

Many an interesting conversation gets started in the living room.

The entrance to Kappa Alpha's caveman party.

Kappa Alpha is an Order of Christian Knights that strives to better the religious and moral feelings of its members as well as providing a suitable environment for study and recreation. Kappa Alpha Order was founded in 1865 at Lee University. With the ideals of Robert E. Lee as a goal, the Order has prospered and grown in the last one hundred years. Beta Alpha chapter of Kappa Alpha Order was founded at Missouri School of Mines and Metallurgy in 1903, and now has a total of sixty-five members. Kappa Alpha is an active participant on campus in organizations and intramural sports, and has men on all of the varsity teams.

KAPPA SIGMA

Kappa Sigma fraternity was founded on December 10, 1869 at the University of Virginia at Charlottesville. Since its founding, Kappa Sigma has grown to one of the strongest fraternities, composed of 159 chapters in the United States and three chapters in Canada. Beta Chi Chapter of Kappa Sigma was founded at UMR on December 19, 1903. The brothers of Beta Chi chapter maintain a high regard for the principles of the national fraternity in every phase of college life. The importance of scholarship, athletics, social life, leadership, and, above all, brotherhood is stressed to each new pledge during his pledge training, and to all active members during their student life at UMR.

Some of the brothers gather around the piano after dinner for a song session.

Lambda Chi Alpha's house is located just a few short blocks from campus.

Lambda Chi Alpha is one of the largest fraternities on the UMR campus. It is also one of the most active fraternities in civic affairs. The brothers of Lambda Chi Alpha hosted their 6th Annual Chicken Benefit Dinner on behalf of the Rolla School for Mentally Retarded Children and Cerebral Palsy Center. Due to the substantial amount of money the brothers donated, new equipment is being purchased for the future Rolla Children's Home. Along with their participation in civic affairs the brothers have also taken an active part in all campus activities. This year's St. Pat's Queen of Love and Beauty, Miss Susan Price, brought yet another honor to the men of Lambda Chi Alpha.

Last year's yearbook brings back fond memories of old friends.

PHI BETA IOTA

Phi Beta Iota has the distinction of being the newest fraternity on the UMR campus. However, this has not hindered them in any phase of their campus endeavors. They are well represented in all campus organizations and also participate in many of the activities on campus. Phi Beta Iota was founded primarily on scholastics and has the highest requirement for activities of any of the twenty fraternities on the UMR campus. This year they were awarded the Interfraternity Council's Most Improved Grade Point trophy for the fall semester. Although stress is placed upon scholarship, Phi Beta Iota never neglects the athletic and social events which take place throughout the year.

Athletic development is encouraged at Phi Beta Iota through the intramural program.

Phi Kappa Theta's chariot team on the way to winning their respective heat.

Phi Kappa Theta, National Catholic Fraternity, was founded on the UMR campus in 1925 as the Order of Cardinal Mercier. Since that time it has emerged as one of the top fraternities on the campus, participating in all phases of campus activities. Last year Phi Kaps held positions of President of the Student Council, President of the Interfraternity Council, President of Blue Key, Editor-in-Chief of the school newspaper, and Business Manager of the yearbook. Phi Kaps also ranked in the top five in the overall intramural standings. This year Phi Kappa Theta won the first place trophy for their St. Pat's Float. Overall, the men of Phi Kappa Theta enjoyed another successful year.

A little sing along party before the band starts to play.

PI KAPPA ALPHA

Alpha Kappa Chapter of Pi Kappa Alpha was chartered at UMR in 1905. Since this time the brothers have been very active in civic and campus activities, as well as athletics and social functions. Pi Kappa Alpha's Christmas party for underprivileged children was again a huge success, giving needy youngsters a chance to feel the true spirit of Christmas. The social calendar was highlighted when their Dumbo float placed second in the St. Pat's Day parade. In addition to these accomplishments, the men of Pi Kappa Alpha hold many offices in campus organizations. This has been a very prosperous year for the Brothers and they look forward to next year with eagerness.

The brothers and their dates enjoying the grotto during Greek Weekend.

The brothers spend a quiet evening at home watching television.

Sigma Nu was founded at Virginia Military Institute in 1869. Gamma Xi Chapter of Sigma Nu was the first fraternity on the UMR campus, having been installed on January 23, 1903. As in years past, the 1966-67 school year proved to be successful. The men of Sigma Nu played an active part in both varsity and intramural sports. Winning the intramural football trophy and IFC sing proved to be some of their memorable moments. The IFC Chorus was also selected to appear on Campus Talent '67 in the spring semester. Sigma Nu participated in civic activities, having helped re-finish a local schoolhouse, as well as the many social activities held throughout the year.

SIGMA NU

This new addition to Sigma Nu was just completed last year.

SIGMA PHI EPSILON

Founded in Richmond, Virginia, in 1901, Sigma Phi Epsilon is one of the fastest growing fraternities in the nation. Since its founding, "Sig Ep" has become the second largest national social fraternity. Each person entering "Sig Ep" is inspired to be the ideal fraternity man—Scholar, athlete, and gentleman. It is the aim of Sigma Phi Epsilon to build better men, capable of taking their place in the constantly changing world. The men of Sigma Phi Epsilon are active in campus and social functions, as well as in intramurals. Their float won the originality trophy in the St. Pat's Day parade. They also won the first place trophy in intramural wrestling competition.

The hot weather makes it almost impossible to study.

Sigma Pi's "horses" are right on Kappa Alpha's bumper.

The Alpha Iota Chapter of Sigma Pi social fraternity was formed on April 29, 1933, from the old Prospectors Club. From this slight beginning it has burgeoned into its present size and stature. The goal of Sigma Pi is to develop a rounded man. This is shown by their emphasis on scholarship, on extracurricular activities, and on the intramural program on the UMR campus. Also to further the development of a well rounded being, the fraternity has several social events throughout the year. Sigma Pi also has as its interests both the University of Missouri at Rolla and the community. This interest has helped to strengthen the entire fraternity system on the campus.

Saturday night of a party weekend at the Sig Tau house.

SIGMA TAU GAMMA

Sigma Tau Gamma was founded at Central Missouri State College, at Warrensburg, Missouri, on June 28, 1920. The Alpha Omega Chapter was founded in Rolla on November 10, 1956. Since this time the brothers of Sigma Tau Gamma have become increasingly active in many functions on campus. Sigma Tau Gamma emphasizes scholarship, but it also believes in a well-rounded social life. Included in their social calendar of party weekends is their traditional White Rose Dance. Sigma Tau Gamma is also an active participant in the UMR intramural program. At Sigma Tau Gamma it is believed that man is a social being whose fullest development can be achieved through mutual helpfulness.

Bob Hotchkiss looks over the schedule of upcoming events.

Tau Kappa Epsilon has open house on Parents' Day.

Tau Kappa Epsilon, founded at Illinois Wesleyan University in 1899, is one of the largest social fraternities in the country. The Phi Eta chapter of Tau Kappa Epsilon was established at the University of Missouri at Rolla in 1947, and since then has become a prominent fraternity on campus. "Tekes" are very active in the social life of UMR. One of the main highlights on their social calendar is the annual French Underground Party with its well known "Order of the Garter". Besides social events, "Tekes" interest lie in other fields, as shown by their fraternity goal: to promote a well rounded college education through friendship, scholarship, and leadership.

TAU KAPPA EPSILON

Teke's Homecoming display depicts the Miners ripping the Mules.

The Tekes bring their "motorized" bell to all Miner home football games.

The Tekes annual Champaign Party is held on Christmas Party Weekend.

A popular place in the Theta Chi house for reading the newspaper is the living room.

THETA CHI

Theta Chi was founded as a local fraternity, Phi Alpha, on the University of Missouri at Rolla campus in the Spring of 1960. As a result of the hard work of the brothers it was installed as the Epsilon Chi Chapter of Theta Chi National Fraternity just 3 years later. Theta Chi, since its founding on the UMR campus has always been active in campus and community affairs as well as offering a well rounded social calendar. On the campus they have always been one of the most active participants in the Alpha Phi Omega blood drives. Also, in the field of community affairs, Theta Chi sponsored another successful Christmas Party last year for underprivileged children in the Rolla area.

So that's how that problem was supposed to be worked on the quiz.

The life of a fraternity mascot is sure an easy one.

The Theta Xi National Fraternity was founded on April 29, 1864, at Rensselaer Polytechnic Institute in Troy, New York. Theta Xi is one of the oldest fraternities represented on the UMR campus. The Alpha Psi chapter of Theta Xi was started on October 8, 1949. Since its founding, Theta Xi has aimed at developing the whole man. It does this by stressing three phases, scholarship, athletics and social affairs. Scholarship is the most important goal strived for by the brothers. Next, Theta Xi develops an interest in athletics by participating in all the intramural sports. Finally, social development is taken care of by the party weekends that are held.

THETA XI

A good card game will always take your mind off school.

Studying for a quiz can sure make a fellow hungry.

Social development is one aspect that Theta Zi does not neglect.

THETA XI-FRONT ROW: Ward, J. E., House Manager; Estabrooks, B. A., Secretary; Ross, L. R., Steward; Sullivan, E. J., President; Erdmann, F. W., Vice-President; Evans, J. E., Schoeneck, J. L., Chapter Editor; Brewer, P. L.

The brothers and their dates at the grotto during Greek Weekend.

TRIANGLE

Triangle is a national social fraternity for men in the engineering sciences. The chapter of Triangle at the University of Missouri at Rolla was founded on December 10, 1927. The purpose and objectives of Triangle is to provide an intellectual and mature environment for its members through individual and group effort, and through the companionship of men with similar goals. This year, as always, the men of Triangle participated in intramural sports, took part in all of the social activities on campus, and held top positions in campus organizations. In the traditional St. Pat's Day Parade, Triangle won the Novice Award for their float, "The Beverly Hillbillies."

A packed house for Friday night of Homecoming.

Campus Club

In 1963 the Campus Club was founded as a legal corporation to provide wholesome, economical meals for its members. It is the newest of the six eating clubs on the UMR campus, being located at 305 West 9th Street. It serves 19 meals per week for its members and provides a place for them to take a break and relax from their studies. Each member takes a turn in caring for the club. The club also provides a chance for its members to take part in campus activities. This year one of its officers, Bill Castle, was elected President of the St. Pat's Board and then later in the year he was again honored by being named St. Patrick.

'Campus' hard-working cook serves up a plate for one of the hungry members.

CAMPUS CLUB-FRONT ROW: Lehman, A.R. Jr., Board of Control; Gossett, D.M., Olsen, R.G., Spence, J.J., King, C.S., Fowler, R.W., Board Member; Young, L.M., Secretary-Treasurer; Guelbert, W.C., President; Feger, T.M., Vice-President; Scott, L.W., Business Manager; Gremard, W.L., Rausch, R.J., Sergeant-at-Arms; Crane, J.M. These well-fed members enjoy another wholesome meal together.

Everyone lends a helping hand in keeping Campus Club clean.

A few of Campus' members await eagerly the start of evening chow.

Engine Club is proud of its modern building and facilities.

These members are enjoying their delicious meal so much that they don't even notice the photographer.

The two charming cooks are responsible for turning out wholesome, well-balanced meals for the many members.

Engine Club serves nourishing meals as these men will attest too.

Engineers' Club

The Engineer's Club is the oldest of the cooperative eating clubs at the University of Missouri at Rolla. It was established in 1934. The purpose of the Engineer's Club is to provide independent students with a high standard of living on a non-profit basis. In 1965, the club moved into its new building. The new building has all the latest equipment and facilities which enable well-balanced meals to be served efficiently and economically. This also made it the eating club with the most modern facilities on campus. The Engineer's Club participates in the intramural program and is active in various campus activities. A spirit of friendship is promoted within the organization.

ENGINEERS CLUB-FRONT ROW: McGee, D.R., Lane, M.R., Hughes, D.R., Stephens, J.R., Daume, A.F., Kaesberg, R.L., Sch-nurbusch, L.J., Jr. Board of Control; Knepler, J.R., Secretary; Stolte, W.H., President; Unternaehrer, W.E., Treasurer, Gordon, J.R., ICC; Lloyd, G.W., Andreae, R.A., Dockery, C.E., Ervin, K.W., ROW 2: Nagy, D.C., Bremer, G.A., Hedley, Q.E., Geisel, R.W., Kammerer, J.W., Nickel, R.E., Uriwski, N., Wortman, D. Fifty-Niners Club

The Fifty-Niners Club was organized in April of 1959, and received its certificate of incorporation from the State of Missouri on November 12, 1959. The primary purpose of the club is to provide its members with three meals per day as economically as possible. The Fifty-Niners are well represented in almost all campus organizations and activities. The club's members are encouraged to take part in campus politics, intramurals, and social functions. This year Fifty-Niners made a good showing in intramurals by winning the first place trophy in Cross Country and Basketball. The Fifty-Niners also had the distinction of building the Queen's Float for the St. Pat's Day Parade.

What will they think of next? A stainless steel cow!!

There is always plenty of good nourishing food served to the members by their loyal cook.

Another two-pointer is about to be scored by a member of the 59'ers' strong basketball team.

Relaxing after a meal is important to digestion, and these 59'ers work hard at it.

These Prospectors work hard keeping their kitchen clean and sanitary.

A little friendly relaxation after a meal helps the men unwind after a hard day at the Mines.

There is no pushing here, members always find enough good food to go around.

Good food is a must for a hungry engineer, and these men are putting it down.

Prospectors Club

The Prospectors Club was organized at the University of Missouri at Rolla in 1955. At the time it consisted of 40 men and was known as the Miners Club. Since then it has grown to a membership of approximately 160. Due to this increase in membership the club was moved from its first house on Pine Street to its present location on Elm. The "P" Club manages to serve its members not only as a source of good, economical meals, but also as a center of group activity with a congenial atmosphere. The "Prospectors" participate yearly in all campus social activities, engage in campus politics and school organizations, and take an active part in intramural sports.

PROSPECTORS-FRONT ROW: Nebel, T.C., Bortmess, J.W., Eastep, L.W., McKinney, J.D., Student Council; Danley, J.G., Board of Directors; Brune, A.E., Secretary-Treasurer; Spencer, J.D., President; Edwards, E.W., Vice-President; Shramovich, D.F., Marino, J.P., King, R.K., Ghole, J.R., Compton, B.W., Hatfield, J.G., Sykes, W.E., Puronen, E.O., Weaver, M.L., Huston, S.M., Kremmel, D.G., Miller, N.R., DeSpain, D.R., Strauss, S.R., Hawkins, R.B., Schatz, R.L., ROW 2: McMillian, R.K., Matthes, H.D., Mueller, R.J., Conavay, W.L., Degenhardt, E.A., Cross, J.K., Houchin, R.L., Cotter, J.R., Brodhacker, D.D., Heilman, R.D., Heilman, B.E., McCormack, T.J., Sand-

ner, B.W. ROW 4: Day, G.F., Russo, M., Thornton, K.W., Nussbaum, G.M., Branson, D.L., Ladany, J.L., Turlin, C.L., Andjelic, D.N., Hoeller, W.J., Trachsel, G.L., Rieth, P.F., Chambers, J.L. ROW 6: Weaver, G.W., Hauer, W.C., Eydmann, P.S., Sherard, R.E., Andrews, C.E., Schnyder, G.C., Von Demfange, W.C., Engelbrecht, R.L., Riley, M.W., Schneider, D.A., Ginn, B.W., Rhyne, C.A.

Shamrock Club

The Shamrock Club, founded in the fall of 1955 out of a need for eating facilities for independents, has since grown to mean more for its members than just a place to eat. It has become a place for its members to get together in a friendly atmosphere and forget about the books and studies for a while. The present membership of the Shamrock Club is approximately 250 men and women. Each of the members is provided an opportunity to participate in the intramural sport or sports of his choice, and ambitious members are given the opportunity to represent the club in student government activities. Members who wish can also find part time jobs with the assistance of the club.

Another meal is finished, and these men work hard in cleaning up afterward.

SHAMROCK CLUB-FRONT ROW: Roam, J.H., Bergroschtje, H.M., Tracy, R.G., Krausch, D.L., Swadley, G.L., Reinhardt, J.E., Secretary; Tsimpeis, C.W., President; Little, A.B., Business Manager; Meisenheimer, J.D., Treasurer; Gilkra, R.L. Holman, T.L., Ray, J.A., Brady, S.L. Shamrock's treasurer is hard at work paying the monthly bills.

A hungry bunch of men enjoy a casual meal in Shamrock's huge dining hall.

Shamrock's well-fed cook serves up another delicious creation.

These Tech clubbers enjoy a wholesome evening dinner together.

The home and headquarters of Tech Club offers a fine meeting spot for some Friday night fun.

Everyone loves a good clean joke and a fine time; and these Tech members are no exception.

At the end of every meal, there are dishes to do; and these men pitch right in.

Tech Club

In 1948, a new eating club was formed on the UMR campus. It was called Tech Club Incorporated. As its objectives the Tech Club tries to serve good nourishing meals to its members at a low price. Next, the Tech Club urges its members to be active in all campus affairs, especially in extracurricular activities. The Tech Club also encourages its members to participate in both intramural and varsity sports. Although many members of the Tech Club play varsity sports it still has a very strong intramural program. This year Tech Club won the Softball Intramural Championship; and, as in past years, Tech Club has a high standing in the overall total of intramural points.

TECH CLUB-FRONT ROW: Evans, J.H., Schatz, G.M., Zelms J.L., Schleffer, N.T., Business Manager; Petry, J.C., Vice-President; Kalaskie, F.E. President; Nuss, N.W., Secretary-Treasurer; Chesus, W.B., Dishwasher; McGrady, C., Bytnar, M.W., Hervey, D.J., Cary, S.E., ROW 2: Chenoweth, H.A., Foltz, J.L., Pokrefke, T.J., O'Connor, T.E., Schrage, D.M., Henehan, W.M., Sauer, D.S., Bodell, T.J., Sommer, D.L., Chasten, D.L., Smith, G.L., Board of Control; Tarro, R.B., ROW 3: Eisterhold, C.A., Basa, L.A., Brave, D., Florence, K.T., Mahlandt, J.N., Albers, D.J., Dishwasher; Boyer, R.L., Nothaus, N., Radmac-

her, J., Ross, C.F., Ascoli, D.M., Duggins, G.H. COLOPHON ..

The 1967 ROLLAMO is printed in an edition of 3800 copies on 100# Meade Printflex. Body copy is 12 point Garamond, cut lines 10 point Garamond italics, and heads are 24 point Century.

Editor's Note

As I write this the 1967 ROLLAMO lies before me ready to go to the publisher. It is a pile of envelopes over a foot high. The envelopes contain several hundred loose pictures and pages and pages of copy. Looking back through the envelopes I can watch the year pass in review. It was a year which brought many changes to the campus; a library went up at the north end of the quadrangle, the physics department moved out of Norwood Hall and into their new addition and visiting football teams found out how much thunder the Miners can get out of a set of steel bleachers. This was also the year that Moutray could hold its liquor, but not the clientel, and the Pious Pieman recognized some outstanding instructors in the chemistry department.

The university lost two distinguished professors in the passing of Dr. Harris and Skipper Carlton, but can rest in the knowledge that their lives will inspire better teachers tomorrow.

This year's graduating class has received the highest salaries ever, but they go to work in a world plagued with trouble spots and many of these fine men will find themselves involved in a war hundreds of miles from home.

I have tried to compile a record that will be an appropriate annual now, but more important, when it is dusted off and browsed through twenty and fifty years from now. A tremendous number of man-hours has gone into this book for which I am indebted to the staff and to many more people than I could list here. I want to say a special thanks to Kieth and Fred for their help and inspiration during that last week of twelve and sixteen hour days. My thanks also to Joe Hook and Walsworth company for their patience in educating a novice editor. It's all history now and I know how sixty editors before me have felt at this time: It feels awfully good.
